CONSENT

- *All new patients will be scheduled for a consultation for their first visit. This consultation includes the oral exam, x-rays, and a treatment plan. Before the comprehensive oral exam of your teeth, gums, and mouth, the doctor will go over your medical history, dental history, and any oral health worries. X-rays and intra-oral pictures will be taken during this appointment. The doctor will not perform the oral exam without radiographs as they allow the doctor to see underneath the gums to detect bone loss, decay, and calculus build-up. This will help the doctor make the proper diagnosis. Recent radiographs can be sent to us from another dental office; however, they must be of diagnostic quality and no more than six months old. Please be aware that a dental CLEANING is not guaranteed the same day as your consultation. We have to determine your dental needs and concerns first, then tailor your hygiene treatment. The consultation concludes with a treatment plan that is tailored to your needs and designed to prevent small issues from getting bigger and more expensive.*
- *I hereby authorize staff to take X-rays, photographs and any other diagnostic aids deemed appropriate by to make a thorough diagnosis of my dental needs. Upon such diagnosis, I authorize to perform all recommended treatment mutually agreed upon by me and to employ such assistance as required to provide proper care. I consent to the use of appropriate medication and therapy as deemed necessary.*
- *I hereby authorize payment of the dental benefits, otherwise payable to me, directly to the office. I agree to be responsible for all charges for dental services and materials not paid by my dental benefit plan.*
- *By signing below, I certify that I read and write English and I have read, fully understand, and agree to the above office policies.*

ACKNOWLEDGEMENT OF RECEIPT OF NOTICE OF PRIVACY PRACTICES

I have received a copy of this office's Notice of Privacy Practices_____

Please Print Name

Signature of Patient or Responsible Party _____ ***Date*** _____

For Office Use Only

We attempted to obtain written acknowledgement of receipt of our Notice of Privacy Practices, but acknowledgement could not be obtained because:

◯ Individual refused to sign
◯ Communication barriers prohibited obtaining the acknowledgement
◯ An emergency situation prevented us from obtaining acknowledgement
◯ Other (Please specify)_____

OFFICE POLICIES

Thank you for choosing our offices as your dental health care provider. We believe that all patients deserve the very best dental care we can provide. Below are the list of our Office Policies which we require that you read and sign prior to any treatment. All patients must complete our Patient Registration forms before seeing the dentist.

Financial Policy

Regarding Insurance:

Your complete insurance information must be presented at the time services are provided. Insurance claims cannot be backdated. Pre-authorization from your insurance may be required before any work can be done to protect you from unexpected payment responsibilities. Your Insurance is a contract between you, your employer, and the insurance company. We are not a party to that contract. Dental insurance is not meant to be a "pay-all" it is only meant to be an aid. Office will file claim on your behalf a maximum of two times as a courtesy. After which patient will be billed and may request a copy of the claim to submit manually. If you have any questions regarding your coverage, you should contact your insurance carrier. It's your responsibility to know your coverage. We make every effort to provide for you an accurate estimate with the information you and your insurance provides us. Please be aware that your patient responsibility estimates are only an approximation and may change as we acquire more information from your insurance. Insurance co-pays and deductibles must be paid at the time of service. If for any reason your insurance does not pay its expected portion for a completed procedure, that balance will become the responsibility of the patient a statement of balance due will be generated and sent to you. Please be aware that the process of insurance billing and auditing of patient account may occur sometime after you date of service. We always strive to ensure all insurance payment information and patient responsibilities are correct. All invoices are due and payable within 30 days of service. Interest will be charged on past due invoices at the rate of 1.5% per month (18% per annum). In the event it becomes necessary to turn your account(s) over to a collection agency or use an attorney, the responsible party promises to pay, in addition to the amount due, all costs of collection, court costs, and reasonable attorney fees.

Regarding Payment:

We accept the following forms of payment: Cash, Check, Money Order, Visa, Mastercard, Discover, American Express, and Care Credit. All returned checks will be subject to a $25.00 returned check fee. This fee covers the processing fees our office incurs. Payment in full is due at the time services are rendered unless an agreement has been reached in writing between the office and the patient. For major work (dentures, partials, crown, etc.), a 50% deposit is required to start the procedure and the remaining balance will be due upon delivery.

Refund Policy:

You may discontinue treatment and request a refund at any time. We will refund any amount paid for treatment that you did not receive. Please be aware that after the treatment is completed, it is non- refundable. This includes, but is not limited to initial services such as exams, radiographs, cleanings, etc. All refunds will be processed back to the original form of payment, except cash payments which will be refunded by check. All refund requests, cash or credit card may take up to 15 business days to process. Any refund of payment originated through third party lenders must be refunded to the original account. Please contact the third-party lender for more information regarding their refund policy as processing of refunds may not be reflected on an account for up to 2 billing cycles. Refunds for prosthetics (Dentures, partial dentures, crowns, etc.) and appliances (night guards, clear aligners, retainers, space maintainers, etc.) are available however, all fees are built into the prices of the prosthetics or appliance. These fees include the material fees, the lab fees, the labor fees, and the shipping fees. All lab fees are included in the price of any prosthetic, however, if you choose to discontinue the treatment, the lab fee will still be charged to your account.

No-Show Policy

Our office defines a "No-show" appointment as any scheduled appointment in which the patient either: Does not arrive to the appointment; Cancels with less than 24 hours' notice; Arrives more than 10 minutes late and is consequently unable to be seen.

Impact of a "No-Show" Appointment:

"No-show" appointments have a significant negative impact on our practice and the care we provide to our patients. When a patient "no-show" a scheduled appointment it. Potentially jeopardizes the health of the "no-showing" patient. Is unfair (and frustrating) to other patients that would have taken the appointment slot and disrespects not only the provider's time, but also the time of the entire clinic staff.

How to Avoid Getting a "No-Show":

Appointment Confirmation

We will attempt to contact you one business days and two hours before your scheduled appointment to confirm your visit. If we are unable to speak with you and must leave a message, you will need to contact office before the appointment, otherwise the appointment will be canceled and marked as a "no-show".

Always Arrive 5-10 Minutes Early

When you schedule an office visit with us, we expect you to arrive at our practice 5-10 minutes prior to your scheduled visit. This allows time for you and our staff to address any insurance or billing questions and/or to complete any necessary paperwork before the scheduled visit.

Give 24 Hours' Notice if You Need to Cancel

When you need to cancel or rebook a scheduled visit, we expect you to contact our office no later than 24 hours before the scheduled visit. This allows us a reasonable amount of time to determine the most appropriate way to reschedule your care as well as giving us the opportunity to rebook the now vacant appointment slot with another patient. If it is less than 24 hours before your appointment and something comes up, please give us the courtesy of a phone call.

Consequences of "No-Show" Appointments

- If you miss 3 or more appointments within 90 days, you may be dismissed from the clinic.
- Patient dismissal is at the discretion of your dental provider and the practice manager.
- If you are dismissed from the clinic, your remaining scheduled appointments will be cancelled.
- Only emergency dental treatment will be offered within the first 30 days of dismissal.
- Reapplication to the clinic after a six-month period after initial dismissal letter will be considered by your dental provider and the practice manager.

By signing below, **I certify that I read and write English and I have read, fully understand, and agree to the above office policies.**
